Full stack software developer with 6 years of professional experience primarily in the eCommerce industry. Exceptional problem solver with a background in physics and applied mathematics, an aptitude for troubleshooting and ability to learn and master new skills, technologies or roles.

TECHNICAL SKILLS:

- **Frontend:** ASP.NET MVC, JavaScript, jQuery, CSS, HTML, SASS, Gulp, Knockout, Angular, Typescript,
- **Backend:** C#, Linq, SQL, NHibernate, Autofac, ElasticSearch, Node
- **Version Control:** Git, SVN, Vault
- **Continuous Integration And Deployment:** TeamCity, OctopusDeploy
- **Other:** Visual Studio, .NET Core, Fiddler, AutoMapper, IoC, Restful Web services, BitBucket, Jira

WORK EXPERIENCE:

OCT 2018 – MAR 2019: Travelling and exploring around South East Asia. Also spent 6 months previous to that working remotely from Fortaleza in Brazil.

OCT 2013 – OCT 2018: MI9 Europe (Formerly MyWebGrocer and Buy4Now Technology Group), Sandyford Ind. Estate, Dublin.

- **Senior developer (core team) for major US eCommerce client Giant Eagle (C#, ASP.NET MVC, Javascript):**
 - Developed the functionality to consume the clients APIs via Rest Web services, worked on both front-end and backend components, providing efficient and simple implementations with mobile responsiveness and accessibility in mind.
 - Helped implement the functionality of the search component using Elastic Search
 - Demonstrated JS skills by constantly refining and reducing the lines of unnecessary JS code by for example introducing Knockout.js for the particularly complex product details page
 - Showed initiative and leadership by being involved in conference calls for requirements with the client.
 - Provided on-call support, available 24 hours to provide troubleshooting for the client on issues with orders and customers
 - Spent the last 6 months of this position working remotely from Fortaleza Brazil, showing I am able and comfortable working in this manner.
- **Senior developer for grocery client (SuperValu) implementing, troubleshooting and problem solving various issues (C #, JavaScript, ASP.NET Web Forms, SQL Server):**
 - Investigating and resolving issues with payment gateway and orders in a timely manner
 - Developed a MVC 'business to business' application in conjunction with Dapper ORM and SimpleInjector IoC for a leading grocery retailer to set up certain customers with special accounts
 - Working closely with project manager to implement checkout and registration redesigns for some of our clients.
 - Mentored junior developers, explaining the development process and providing guidance and assistance whenever was necessary, thereby displaying teamwork and leadership. Also, constantly performed code reviews.
- **Support developer for many general merchandise clients (Elverys Sports, Sam McCauleys Chemist, Curry's PC World, etc.)**
 - Offboarded all clients to 3rd party payment gateway for PCI compliance
 - Investigating and resolving various support issues; for example, problems with customer orders, cosmetic front end bugs
 - Checkout and registration redesigns for some of our clients (Javascript, CSS, ASP.NET)
 - Implementation of a .NET console application for processing an XML file of product data for a client (data-load)

JAN 2012 – OCT 2013: VNE Logisitcs LTD, Greenogue Business Park, Rathcoole, Co. Dublin.

- Working with a team of developers in providing support and development using ASP.NET Web Forms and SQL Server on our in-house supply-chain work management system allowing users to process an increased number of orders.
- Learned valuable front end skills (JS, HTML, CSS) developing a Short Term Let property Web application

EDUCATION:

2009 – 2010 M.Sc. - Maths Modelling and Scientific Computing, University College Cork.

2004 – 2008 B.Sc.- Physics with Astrophysics, NUI Maynooth, Co. Kildare.

INTERESTS & ACHIEVEMENTS

- Travelled to observatory near Marseilles in 2007 for final thesis observing open star clusters
- Languages - I have been learning Portuguese for almost 2 years now
- Music – both production and instrumental
- Keen interest in all things technology and science related

REFEREES:

- **Dan Murphy**, CTO, MI9 (Formerly MyWebGrocer), Sandyford, Dublin. danjmurphy@gmail.com
- **Kieran Mulchrone**, Senior lecturer, Department of Applied Mathematics, University College Cork.
